Cheltenham 3192

## Welcome to Southway!

- **Southway** Counselling Centre is a community counselling service that seeks to support people as they develop more creative and satisfying life patterns.
- **Southway** has been operating in Cheltenham since 1998 and has a team of around 20 counsellors with a wide range of specialisations and expertise.
- **Southway** counsellors are trained and qualified, offering their time in a voluntary capacity.
- **Southway** is open to all people and is committed to accepting people as they are and helping them become all they can be.
- **Southway is safe, accessible, and affordable.**

### Affordable!

Southway fees are related to a person's capacity to pay. A sliding scale of fees correlates to a person's income, and the appropriate fee is determined in conversation with the counsellor at the first session. We try to ensure that no-one is prevented from accessing Southway's service for financial reasons.

### Accessible!

Southway offers counseling for all age-groups, including children and teenagers. Counsellors work with individuals, couples and family groups as appropriate.

### Confidential!

Southway takes seriously the right of all clients to confidentiality and privacy. You can obtain a copy of the Southway Privacy Policy and the Counsellor Code of Ethics upon request.

**Southway** offers support to people dealing with issues relating to:

- **Relationships**
- **Stress & anxiety**
- **Depression**
- **Self-esteem**
- **Workplace challenges**
- **Family matters**
- **Grief & loss**
- **Confusion**
- **Conflict & Anger**
- **Personal Growth**

... and much more.
